## Our story

Our name pays tribute to Montelupo Fiorentina, a small pottery village nestled in the hills of Tuscany. This tight-knit community is famous for a centuries-old tradition of producing brightly coloured & boldly designed pottery in a collaborative process.

Today, Monte Lupo Arts empowers artists living with disability to express their creativity in a collaborative and inclusive environment, by providing supported employment and training opportunities within our studio.

**Thank you for being part of our story.**

## Create your own unique piece

Did you know our artists hold regular workshops at our Monte Lupo Arts studio and other locations?

Whether you're an expert sculptor or completely new to pottery, we have a workshop for everyone.

Our staff will walk you through the process as you create your own unique take-home piece.

Visit our website for details.

## Your support makes a difference

Every time you purchase a piece of artwork from Monte Lupo you are supporting a person living with disability to have meaningful and creative employment.

All the artwork you see in our gallery, at exhibitions and on our online store is created by our supported employees, who manage each step of the production process, from preparing the clay, to glazing, firing, and painting.
