## Our story

Leading disability provider, Multicap established Monte Lupo Arts in 1991 to provide creative employment solutions to artists with disability.

Our name pays tribute to Montelupo Fiorentina, a small pottery village nestled in the hills of Tuscany. This tight-knit community is famous for a centuries-old tradition of producing brightly coloured and boldly designed pottery in a collaborative process.

Today, Monte Lupo Arts empowers artists living with disability to express their creativity in a collaborative and inclusive environment, by providing supported employment and training opportunities within our studio.

**If you would like a tour of our studio, please ask our friendly team in the Café Gallery.**

## Join a class to create your own piece

Whether you're an expert sculptor or completely new to pottery, we have a class for everyone.

**Our staff will walk you through the process as you create your own unique take-home piece.**

## Your support makes a difference

Every time you purchase a piece of artwork from Monte Lupo Arts you are supporting a person with disability to have meaningful and creative employment.

All the artwork you see in our gallery, at exhibitions and on our online store is created by our supported employees, who manage each step of the production process, from preparing the clay, to glazing, firing, and painting.

**Thank you for being part of our story**
