### Medication

Customers must provide full details of current medication to staff at least two weeks prior to departure date.

If support staff are required to assist with the administration and/or storage of medication whilst on tour then staff will follow Multicap medication management policies and procedures.

This will require written instructions signed by the customer's medical practitioner and all medication must be supplied in a Webster/blister pack. Customers need to allow ample time for all necessary documentation and medication to be prepared prior to departure.

If a customer cancels prior to the terms outlined in their service agreement and Multicap cannot refund accommodation, the deposit will be

retained to cover the costs and NDIS support costs would not be charged.
